

Video Webcast: OTC vs Prescrip Treatments

Posted by : admin on Oct 10, 2007 - 05:21 PM

Site Updates

Join our experts as they talk about the various options for hair loss and which treatments might be best for you. Hair loss is a devastating condition that affects millions of men and women around the world. With so many people suffering from hair loss, it's no surprise that there are many different medications out there, from over-the-counter options to prescription medications...

Host:

David Folk Thomas, Fox News Channel

Participants:

Peter S. Halperin, MD; New York Presbyterian Hospital, NY

Marc Avram, MD; Weill Cornell Medical College, New York Presbyterian Hospital

Summary:

Hairloss is a devastating condition that affects millions of men and women around the world. With so many people suffering from hair loss, it's no surprise that there are many different medications out there, from over-the-counter options to prescription medications. How do you determine what's right for you--and are prescription medications necessarily better? Join our experts as they talk about the various options for hair loss and which treatments might be best for you.
