Propecia, Minoxidil, Tricomin, Revivogen, and other product Reviews just addedWe have just recently added five new products to the Online Product Center...

With the addition of Propecia, Minoxidil, and Tricomin, we have completed the ramping up of products on the Online Product Center.

At this point, we feel we have sufficiently included all the known treatments effective to hair loss to date, as a service to you.

The following outlines our completed resource list with important notes:
